

Employee Handbook	Authority: Approved by Council	Type: Employee
	Effective date: December 12, 2018	Revised date: December 12, 2018
	Policy No. 300-24 Providing References / Verification of Employment	

Town of Lampman

**Policy No. 300-24 Providing
References / Verification of
Employment**

December 12, 2018

1. Providing References / Verification of Employment

- 1.1. The Town of Lampman has no requirement to provide a reference for former employees. However, it is up to the Foreman and Administrator’s discretion whether they would like to provide a reference. All references will be factually accurate.
- 1.2. Employees who would like to list the Foreman or Administrator as a reference should request permission from that person to do so. Employees who did not supervise an employee’s work should not be asked, nor give permission, to be a reference for that person.
- 1.3. The Town of Lampman reserves the right to provide, instead of a reference, a verification of employment for any employee. Information that can be provided in a verification of employment would include dates of employment and career history with the Town.
